## Discover the Speaker Within: Who You Are Is How You Speak

Plato said, "Know thyself," and being aware of your personal communication strengths and limitations can affect how you deliver the message in a meaningful way. Some speakers are highly energetic, displaying animated vocal and physical characteristics; whereas, other effective speakers are more deliberative, with a soft confidence

**Early Bird Registration until  
September 4, 2017**

## Start Preparing for Employee Learning Week in Your Organization

To increase awareness about the strategic value of learning in organizations, the Association for Talent Development (ATD) has declared December 4-8, 2017, as “**Employee Learning Week.**” This is an opportunity for organizations to showcase the important link between developing employees’ skills and achieving organizational results.

As the local chapter of ATD, we encourage all organizations in the State of Nebraska to recognize Employee Learning Week through an event, meeting, or communication to employees. Whether you decide to participate in the week with an awards event, an email to colleagues, or a mention of it on your website – just let us know what your organization is planning for Employee Learning Week, and the certificate is yours! Last year, 65 organizations and ATD chapters recognized Employee Learning Week through events, meetings, and communication with members.

Send an email to [vpeducation@atdnebraska.org](mailto:vpeducation@atdnebraska.org) and [elw@td.org](mailto:elw@td.org) explaining what your organization is planning, and you can receive a certificate stating your organization is a “Champion of Learning”.

Also, check our [website](#) to learn more about the free events that we are holding throughout the week for all talent development professionals!

Jen Wichern, VP of Education
