

Josh Eason

Joshua Eason has experience in both formal and informal training and development during his time in the Navy. After leaving the Navy, he took a role with NMC as a Heavy Equipment Trainer and became a Certified Caterpillar Instructor.

Josh has also been involved in the Nebraska SkillsUSA competition that focuses on helping high school and college age individuals learn and pursue trade related professions, and has served as the Diesel Technician Competition Coordinator for the last three years. He is continuing his journey as a full-time student at Creighton University starting in August of 2018.
