

Melissa Turner

Melissa is an instructional designer at Home Instead Senior Care and has served in this role since 2013.

Home Instead Senior Care's mission to change the face of aging is the inspiration and framework that she draws upon to support franchise offices across North America. Melissa is driven by a desire to transform complex content into interactive eLearning experiences that are concise and focused on driving people to action.

Her professional experience includes designing and developing software simulations with Adobe Captivate, designing and developing eLearning with Articulate Storyline and facilitating courses in the virtual classroom.
