

Sunni Wiltse

Sunni Wiltse joins our board bringing over 10 years of counseling and development experience with her. Her career started in 2004 at Boys Town and Home Instead Senior Care where she added value to these organizations through new staff training, on-going skill development, and educating staff on business policies and procedures. Starting in 2015, Sunni now works as a Learning Experience Designer (Instructional Designer) at Medical Solutions, a company that staffs quality healthcare professionals in hospitals nationwide.

In her role she creates effective and engaging learning experiences using mixed media for new and current employees with a strong focus in the facilitation of operations and compliance training. Sunni also facilitates New Hire Orientation, acts as a Super User for technology implementations and manages several projects relating to the company's strategic initiatives.
